In the Specification:

On page 1, please insert before line 1, the following title and paragraph:

CROSS-REFERENCE TO RELATED APPLICATION

This application is a continuation of pending Application Serial No. 09/138,491 filed on 24 August 1998.

Please replace the paragraph beginning at page 1, line 1, with the following title and rewritten paragraph:

FIELD OF THE INVENTION

[This application is a continuation of pending Application Serial No. 09/138,491 filed on 24 August 1998.] The present invention relates in general to wireless communication systems, such as but not limited to cellular communication systems, and is particularly directed to a scheme for increasing the capacity of broadband base station without a significant increase in hardware, by combining a set of wideband digital radios with a phased array antenna to provide higher channel reuse and higher trunking efficiency.

The incorrect paragraph included in the preliminary amendment for replacement of page 1, line 1, omitted the title and incorrectly included the Cross-Reference to Related Application information in the Field of Invention paragraph.
